

00:01  
my name is Julia Downing I'm a sophomore  
00:04  
here at Fayetteville State University  
00:06  
I'm a political science with  
00:08  
concentration in public administration  
00:10  
major I'm pursuing a minor in  
00:13  
sustainability and I'm actively involved  
00:16  
in the philosophy program right now I'm  
00:18  
actually the current vice president of  
00:21  
the philosophy Club the end goal is to  
00:24  
become an international diplomat working  
00:26  
for the United States and Germany at the  
00:29  
United States Embassy in Berlin Germany  
00:32  
and I think that Fayetteville State has  
00:35  
really prepared me for that goal  
00:37  
especially by intertwining these  
00:40  
philosophy courses in addition to my  
00:43  
political science courses because  
00:45  
philosophy really touches base with the  
00:49  
key undertones of working with people  
00:51  
you got to know how to work with people  
00:53  
if you want to get into international  
00:54  
diplomacy I like that the school is very  
00:58  
diverse there's different age groups  
01:00  
there's Fayetteville is a military town  
01:03  
so there's a lot of military wives  
01:05  
former military so that really makes for  
01:08  
a great classroom atmosphere because the  
01:12  
older generations are mingling with the

01:14  
younger generations and that just allows  
01:16  
for a lot of real-world examples when  
01:19  
exemplifying the classroom material all  
01:21  
of my professors have been very  
01:23  
influential here at Fayetteville State  
01:26  
University through my academic journey  
01:27  
not only within the political science  
01:31  
program but also within the philosophy  
01:34  
program like I said I'm very involved in  
01:36  
it I've taken a few courses and I've had  
01:37  
interactions with my advisor for the  
01:40  
philosophy Club I actually just attended  
01:43  
the North Carolina service-learning  
01:45  
summit I presented a showcase exhibit on  
01:50  
sustainability through service learning  
01:53  
at face  
01:54  
State University my advice would be to  
01:57  
get involved do not just come to class  
02:00  
leave and do your work you know get  
02:02  
involved in clubs attend events attend  
02:06  
conferences whatever you can do to help  
02:09  
further yourself as not only a  
02:11  
well-versed job applicant but a  
02:13  
well-versed person I am proud to be a  
02:15  
Bronco because it means to be a part of  
02:18  
a support network
