01:00  
I was introduced to golf when I was nine  
01:03  
years old by my dad  
01:05  
we would go out every weekend and we  
01:07  
would just play you know he would go out  
01:09  
with his buddy football buddies and we  
01:11  
would all play growing up around that I  
01:13  
just love the game you know he stuck  
01:15  
with it and so here I am for the state  
01:20  
trying to get us some twins yeah I did  
01:23  
play golf in high school I played four  
01:24  
years of varsity down in Orlando and  
01:28  
there's a lot of fun coming up North  
01:32  
Carolina a little colder but the golf  
01:34  
courses are really beautiful out here so  
01:35  
glad I came  
01:36  
I mean business management programs I  
01:40  
like your life plan on owning my own  
01:44  
Golf Foundation I want to be a  
01:46  
professional golfer and with it as being  
01:48

a professional golfer also when I have  
01:50  
my foundation where I can hope the kids  
01:52  
learn about the game of golf and teach  
01:54  
them life skills along the way the state  
01:58  
has helped me because it's giving me the  
02:00  
opportunity continue my golf career at  
02:02  
the college level the competition you  
02:05  
see I Double A is definitely tough you  
02:07  
know every year there's more more  
02:08  
players who shoot par better so  
02:10  
definitely have to keep  
02:13  
every years it comes because the Tyler  
02:15  
and the competition is getting stiffer  
02:18  
okay by the end of the season I want to  
02:19  
be able to achieve well making my team  
02:23  
better is one my closed letters - you're  
02:25  
not for myself I want to be able to be a  
02:28  
consistent scorer around just para  
02:30  
better which is a 70 to make sure that I  
02:33  
can do that and if I could do that and  
02:35  
that's that's fine that's all last  
02:38
