

I'm Avvette Smith. I'm a senior and I'm a sociology major and a minor Africana studies.

Actually, I came to Fayetteville State because of the whole homey environment that they have and then the major. I didn't know I was gonna be a sociology major until my sophomore year. Dr. Blount has been really helpful. She's my advisor. She was my mentor.

I'm proud to be a Bronco because you definitely- I love the spirit that they have and the alumni is great and I'm about to be a part of that alumni, so definitely excited.
