

My name is Aaron Greene. I'm a junior here at Fayetteville State and I'm from Jacksonville, NC.

I feel like Fayetteville State was home. It was a home away from home. The faculty and staff, the students, campus life, that's what I, that's what I like, where I like to be.

My academic advisor, Ms. Currie, Ms. Reins my freshman year, she helped me out a lot with the transition. Dr. Cooper, I've had her since my freshman year and she's really helped me out a lot as well with classes and that such thing.

I'm a part of the football team. It's going good. We just beat Winston this past season. (Laugh) It was fun. Can't wait to get back at it.

It's the best place to be right now. Fayetteville State is one of the best colleges. HBCU's in North Carolina. And, um, it's a home.
