

So, my name is Xavia Carr. I'm a sociology major and I'm a senior.

Well I chose Fayetteville State because it was really close to my house and I like the homey atmosphere. And when I got here I actually didn't know what I wanted to major in. But I chose the sociology department because all of the teachers were really nice and it was more-so like a family.

I have to say that Dr. Moorooka is very helpful and Dr. Lucas is helpful as well.

Well college as a whole is pretty much what you make it. So if you just sit in your room and don't want to participate, you're not going to have a good time. You're going to be ready to go home. But Fayetteville State is like a family, so once you come here and you get involved and start hanging around all of the people and going to all of the events, then you'll love it. It's great.

I am proud to be a bronco because if I wasn't a bronco what would I be?
