Page 1: Instructions and Agency Contact Information

Q1: Agency ID
82

Q2: Which agency are you submitting this report for? Choose one of the following agencies listed in alphabetical order.
Fayetteville State University

Q3: Please provide your agency contact information.
First Name: Harlan
Last Name: Blauer
Title: Director of Sustainability
Address: 1200 Murchison Road
City: Fayetteville
Zip: 28301
Phone: 910-672-1954

Q4: Email
hblauser@uncfsu.edu

Page 2: Education on Waste Reduction and Recycling

Q5: What level of commitment does your agency demonstrate in their recycling efforts? Check all that apply.
Top-down support for a recycling program.
A lead coordinator for waste reduction and recycling efforts.

Q6: Did your agency have an ongoing educational and promotional program for waste reduction and recycling?
Yes,
If yes, how was it communicated and how was information distributed?
Campus website and during orientations for new students and employees.

Q7: Do you use any of the following outreach campaign materials? Materials include commercials, stickers, posters, tee-shirts, key chains, and more.
RE3 (www.re3.org)

Q8: If your agency routinely hosts members of the public at its facilities (e.g., training/meeting facilities, museums, sports venues, etc.), did your agency provide waste reduction and recycling opportunities for visitors?
Yes,
Please elaborate.
Single stream recycling containers are located in buildings and across campus; many were purchased from grant funds from NCDENR's DEA O division through the State Agency Recycling Grant.

Page 3: Waste Prevention: Source Reduction of Waste
Q9: Did your agency’s employees practice any of the following techniques for reducing waste at the source? Check all that apply.
Made fewer copies.,
Printed or copied documents on both sides of the paper.,
Post information and documents online (internet/intranet).

Q10: Did your agency conduct solid waste assessments of the amount and types of solid waste at its facilities?
Yes.
If yes, please describe briefly (whole facility or partial, internal study or contracted, results available?):
Audited the food waste from the campus Dining Hall in preparation of our grant application for the 2013 State Agency Recycling Grant. We average 130 lbs per day in food waste at the Dining Hall, which was a little less than our initial estimates. This FY13 report does not include composting tonnages because we technically did not start our new composting program until FY14 (August 9, 2013); but the tonnages will show in next year’s report!

Q11: Did you see a reduction in overall paper purchases from last year?
Yes.
If yes, about how much less (please be sure to label reams, boxes, tons, or dollar amount)
840 cases less; bought only 1,680 cases in FY13

Q12: How do you collect your traditional recyclables (paper, cardboard, aluminum cans, glass and plastic bottles)?
Commingled Recycling (all fiber and containers go into the same recycling bin)

Q13: You indicated that your agency has a source separated recycling program. How much IN TONS did your agency recycle from July 1, 2012-June 30-2013? Please provide your answer in tons. (You may use decimal points.)
Respondent skipped this question

Q14: You indicated that your agency has a dual-stream recycling program. How much IN TONS did your agency recycle from July 1, 2012-June 30-2013? Please provide your answer in tons. (You may use decimal points.)
Respondent skipped this question

Q15: You indicated that your agency has a single stream recycling program. How much IN TONS did your agency recycle from July 1, 2012-June 30-2013? This should include all PAPER (newspaper, cardboard, magazines, office paper, mixed paper, telephone books, hardback books, etc.) and COMMINGLED CONTAINER (aluminum cans, steel cans, green, brown, and clear glass containers, plastic bottles and containers if applicable) RECYCLING. Please provide your answer in tons. (You may use decimal points.)
65.95

Q19: Please use this space to include more information about your program, including other solid waste activities not included in this report, or specifics about the collection of materials at your facilities. Operations are an important part of making recycling programs effective, so thank you for sharing! You may also include information here about the markets you are using for your materials. Please feel free to email me at rachel.eckert@ncdenr.gov about challenges with your program and I will be happy to work with you.

Something else we started in FY14, recycling used inkjet and toner cartridges through Office Depot’s buy-back program. They give us boxes and pre-paid shipping labels and then also pay us for the used cartridges. This new program generates profit, but is not reflected in this report since we technically started in FY14, but calendar year 2013. We also recycle our drycell batteries through a partnership with Batteries Plus at no cost to the university.
