**FOOD WASTE COMPOSTING PROGRAM**

**PLASTICS** (bags, shrink wrap, tape, shipping ties, twist ties, etc.)

**NO**

**LATEX OR RUBBER** (rubber bands, gloves, etc.)

**GLASS**

**ALUMINUM/FOIL**

**STYROFOAM**

**METAL**

**CHEMICALS**

**GLOSSY PAPER**

**WAXED CARDBOARD**

**YES**

- **ALL** food scraps (including meat, bones, dairy, liquid, grease)
- **Paper products** (such as plates, cups, napkins, waxed paper)
- Compostable bags, cups, and utensils must be certified “compostable” (call for a list)
- Soiled cardboard

DO NOT fill carts with heavy or liquid materials over 2/3 full

When containers are emptied, they are rinsed with high pressure hot water and a degreaser/deodorizer.

**WE DO NOT SANITIZE THE CARTS.**

Sanitizer should be used if bringing carts into the kitchen.

**COLLECTION DAYS:**

Make sure full carts are outside and easily accessible on these days.

All materials placed in carts must be of plant or animal origin

Contact Brooks Contractor with questions or concerns. Thanks for your cooperation!

This facility participates in organic waste diversion. For more information visit the NC Compost Council at: www.carolinacompost.com
