The Newsletter of Academic Affairs
Fayetteville State University

Issue Ten, February 2020

Kudos

- ❖ PREM Scholar, Sophomore Ms. Washat Roxanne Ware has been awarded 1st place and \$300 for her presentation, "Photophysics of Two-Dimensional Organic Inorganic Perovskites." Held in D.C. on FEB 6-8, the Emerging Research National Conference (ERN) featured 750 undergraduates and graduate students who presented their work to faculty, administrators, students.

FYI

- ❖ On JAN 24, Dr. Nicole Anthony, Ms. Annette Umerah, Dr. Cynthia Wooten, and Mrs. Beverly Lammie presented COE's curricula to the STEM Charter Public School Reaching All Minds (RAM) Academy in Durham. Faculty of RAM were keen to learn of COE's license/admin/leadership programs.

Whatever Happened To

- ❖ PURDUE UNIV is offering a FREE Research Program (SROP) to FSU's student body from June through July. SROP offers attendees roundtrip airfare, housing, and a generous stipend. If interested, please contact Teresa Bescher, tbescher@purdue.edu to hear more.

Departments' Doings

- ❖ FSU's SPRING FINE ARTS SERIES fosters community through the arts. Plan to catch the magic of one or more Passport to the Arts events.

The Cyberworld

- ❖ Dr. Nikolai G. Wenzel has been appointed Editor-in-Chief of the *Journal of Entrepreneurship and Public Policy*. Dr. Wenzel, the L.V. Hackley Chair for the Study of Capitalism and Free Enterprise, is also writing a book on the regressive effects of crony capitalism.

Travel

- ❖ On JAN 24, a delegation of eight Fayetteville State University (FSU) students from the Office of Cultural Programs and Safe Zone traveled to Tallahassee, Florida to attend the annual Multicultural Leadership Summit. Student leaders discussed intersectionality, gender equality, equity, trends within multiculturalism, and how to foster critical discussion on their respective campus communities.

Announcements

- ❖ Springer is publishing Dr. Murat Adivar's new book *Stability, Periodicity, and Boundedness in Functional Dynamical Systems on Time Scales*. This text offers info to scholars and students in the fields of biology, chemistry, economics, engineering, mathematics and physics.
- ❖ Professor Phoebe Hall has been appointed to the FSU Chapter of the Basa Foundations Board. BASA Foundations aims to improve the quality of life through improving culture and environment.

Celebrate Students

- ❖ Congratulations to Mr. Carlin D. Ashford (2020) who is going to INDONESIA this SEPT to begin his English Teacher/Teacher Trainer assignment for the PEACE CORPS. Mr. Ashford has an impressive list of accomplishments—Alpha Phi Alpha Epsilon Zeta CH ED Director, SGA Senator, NAACP 2nd Vice-President, 2018 IMREL Student Award Recipient, and more.

Community In/Out Reach

- ❖ Under the direction of Dr. Pamela Jackson, Provost and Vice Chancellor for Academic Affairs, Dr. Nicole Anthony, ASST Professor of Special Education has formed an Autism Advisory Council to address the complex needs of children and families affected by autism in the Cumberland County region.

What's New

- ❖ Dr. Danielle Nesbitt has been appointed to the 2020 Class of Research Fellows, Society of Health and Physical Educators (SHAPE). Dr. Nesbitt will be honored at the SHAPE Convention in Salt Lake City, Utah in April.

Early Colleges

- ❖ CCEC is rated nationally in the top 1% tier by NEWSWEEK. Cross Creek Early College retains this distinction vis-à-vis the rigor of their college prep curricula.
- ❖ From FEB 10-14, CCEC and the FAY-Cumberland Youth Council, jointly celebrated KINDNESS WEEK.

The Classroom Experience

- ❖ FSU's WRITING CENTER (H.T. CHICK BLDG) is providing a series of writing boot-camps centered on challenging areas of research writing, including organization, thesis statements, punctuation. Call (910) 672-1033 for details.

To include news in next month's issue, please contact Micki Nyman, mnyman@uncfsu.edu.
