1.

download LimeBike app
to locate a bike

2.

scan QR code
to unlock a bike

3.

park at any bike rack
and lock bike to end ride

Have fun and enjoy your ride!

- Wear a helmet. It could save your life.
- Wear bright reflective clothing, especially at night.
- Obey rules of the road. Stop at stop signs and red lights.
- Ride with the flow of traffic, in the same direction as cars.
- Be alert. Avoid cell phones and headphones while riding.
- Watch and listen for cars, particularly near intersections and driveways.
- Watch for and yield to pedestrians, especially on sidewalks and at intersections.
- Remember to lock the bike to end your ride and check the app for your trip summary.
- Park near a bike rack! Take care not to block sidewalks, streets, or car parking spaces.

FAQ

CAN I RESERVE A BIKE?

Bikes cannot be reserved. They operate on a first-come, first-serve basis. If you see a nearby bike on the map, it's yours to ride!

HOW DO I PAY FOR MY RIDE?

Simply enter your credit or debit card information into the app and purchase credits you can use for future rides.

HOW DO I END MY RIDE?

First, please make sure you're parking in a safe, appropriate location. Dock free bikes work if we all take responsibility and park in places that **don't block car traffic, impede pedestrian access or encroach on private property.**

To lock your LimeBike, **simply push down on the locking arm** connected to the rear wheel to lock the bike. After completing your ride, the app will provide you with a trip summary.
