MEMORANDUM OF UNDERSTANDING
Between
The Institute of Social Work, Tanzania
And
Fayetteville State University

The Institute of Social Work, Tanzania (ISW) and Fayetteville State University, USA (FSU) agree to establish and conduct mutually agreed upon cooperative and collaborative projects, programs, and/or activities, which will enhance the programs of each institution. The Institute of Social Work, Tanzania (ISW), represented by its Director of Studies, and Fayetteville State University, USA (FSU), represented by its Chancellor, have agreed to the following terms:

1. That this Memorandum of Understanding is intended to facilitate all exchanges and cooperative initiatives between the two institutions' faculty members and students.

2. That both parties recognize that implementation of any agreement will depend upon the availability of financial resources and upon the academic interest and expertise of individual colleges/schools/departments/faculty members. Accordingly, joint institutional cooperative goals will be accomplished in accordance with separately negotiated agreements.

3. That a variety of cooperative approaches shall be employed, such as:

3.1 **Student service learning, undergraduate and graduate student exchange:** Unless otherwise specified, students from each institution will pay tuition and fees to the other institution at current rates, in addition to their own accommodations, health insurance, food, and travel. Each institution will seek means of funding favorable tuition and fees, housing and other accommodations for the students.

3.2 **Exchange of faculty members:** Each university will assist in providing access to suitable housing and working conditions. Appropriate health insurance will be made available by each institution for the visiting faculty members to assure sufficient medical care for the duration of the visit. Purchase of such insurance is not provided as a function of this agreement.

3.3 **Curriculum development and joint research projects, and solicitations for funds from both African and U.S.A. funding agencies.**
MEMORANDUM OF UNDERSTANDING

3.4 Other cooperative efforts may be set forth in separate individual agreements as may be arranged.

4. That specific objectives to which this Memorandum of Understanding may lead will be subject to joint and periodic evaluations by appropriate authorities within the respective institutions.

5. That this Memorandum of Understanding will be in effect for five (5) years, subject to revision or modification by mutual agreement. It is also understood that either institution may terminate the agreement at the close of any given semester. It is assumed that such action would be taken only after mutual consultation in order to minimize potential inconvenience to the other party to the agreement.

6. That such Memorandum of Understanding is not intended to be a legally binding document. Rather, it is meant to describe the nature and cooperative intentions of those institutions involved, and to suggest guidelines for cooperation. Nothing therefore shall diminish the full autonomy of either institution, nor may any constraint be imposed by either upon the other.
