

Shout Out! from Ms. Evelyn Council for

Cesar Deleon

**Facilities Maintenance Technician/Electrician
Facilities Management**

May 15, 2009

Mr. Deleon retrieved a graduation ring that had fallen underneath the elevator in the library. He responded quickly and followed proper procedure to have me return the student's ring. It was wonderful to have a problem solved within minutes of reporting rather than hours. The Cross Creek student was extremely grateful and had not had the ring very long.
