

Shout Out! from Ms. Wendy Jones for

LaShanta McCorkle

**Executive Assistant to the Vice Chancellor
University Development and Relations**

September 17, 2009

Ms. McCorkle was elected to serve as a member of the FSU Staff Senate a few months ago. During her short time as a member of the staff senate team, she received accolades from the Chair (Dr. Michele Mciver-Bell) regarding her role in assisting on a variety of committees and her dedication to the success of the group. Within the first few meetings she suggested ways to garner financial support for the group, establishment of their own operating fund, and suggesting resources for those staff senate members who are seeking to obtain a college degree. In addition to Ms. McCorkle's service on the FSU Staff Senate, she is an asset to the division. We manage multiple priorities on a daily basis and she makes every effort to ensure that the entire division adheres to numerous deadlines, requests, and related tasks. As a graduate of Fayetteville State University, Ms. McCorkle is an excellent example of the sort of professional we develop here at FSU.
