Encourages participation in *SECU Supports the Troops*

State Employees' Credit Union is launching a statewide effort in support of North Carolina's National Guard and Reservists deployed throughout the world. "SECU Supports the Troops" is a holiday campaign to collect [wish list](#) items for NC soldiers and provide "gifts from home" during their tour of duty. Beginning September 10th, each SECU branch throughout the State will have a large collection box to collect wish list items from members interested in participating in this exciting effort. Canisters will also be available for monetary donations to help ship the supplies to the troops. The "SECU Supports the Troops" campaign will run through October 15th, allowing SECU personnel time to sort and ship packages for holiday distribution.

Since SECU serves the NC National Guard within its field of membership, this fundraiser provides the perfect opportunity to show our appreciation to the men and women who so valiantly serve our Country. Please join the "SECU Supports the Troops" campaign.
