

August 2018

National Immunization Month

We all need vaccinations to help protect us from serious diseases. This protection is called immunizations. North Carolina State Law requires that students must complete all required immunizations. Students have 30 days after classes begin to show proof of immunization compliance or you are subject to having an academic withdraw.

Student Health Service is proudly participating in National Immunization Awareness Month. To help keep our campus community safe and to assist you to meet the North Carolina State requirements, we are providing transportation to the Cumberland County Health Department on Monday, August 20 and Tuesday, August 21, from 9am to 1pm every thirty minutes. If you need any of the required immunizations, please contact Mr. Simmons from Student Health Services at (910) 672-1259 or Healthservices2@uncfsu.edu
