**Disclaimer Statement:**

Participation in any field or clinical experience is dependent upon your acceptance by the appropriate city or county school system. Fayetteville State University does not make the final determination of your fitness for placement in an individual school. You should also be aware that individual schools or school systems will conduct a criminal background check on you and may require it to be at your expense. Incidents noted on your background check may affect your future as an educator. School districts may deny the College of Education's request to allow you to complete observation hours or student teaching in their respective schools based on the results of your background check.

You will not be able to complete your education program and will have to change your major if no public school district within 60 miles of the institution is willing to accept you for the experiential components of your program based on the results of your background check. Admission into teacher education or clinical experience at Fayetteville State University does not guarantee licensure by the State of North Carolina. Applicants must satisfy licensure requirements defined by law/statute and interpreted by the North Carolina Department of Public Instruction. If there are any incidents noted on your background check, you may have to appeal to the North Carolina Department of Public Instruction when attempting to obtain a North Carolina Teaching License.

**I have read and understand the above statement.**
