

## Updates on the FBI's Honors Internship Program

Good luck to our students who participated in the FBI Informational Session for the FBI's Honors Internship Program. The event was organized by Ms. Anna Perez (Internship Coordinator in the Dept. of Criminal Justice) and Mr. Mose Harris (Program Manager for Federal Internships at FSU).

On September 24<sup>th</sup>, we had approximately 100 students who attend the 6pm FBI Informational session in LSA 121. Throughout the day, Mr. Harris and Ms. Perez held four workshops, and prepared about 110 students during those sessions. On September 25<sup>th</sup>, 43 students have interviewed, or are scheduled to interview with FBI agents for the Honors Internship Program taking place summer 2019. Of those 43 students, there are 10 students from the CJ department. Here are some photos of the session and workshops.
