The DOE Scholars Program provides opportunities designed to introduce DOE missions, functions, and operations to talented undergraduate and graduate students, as well as recent graduates. These opportunities will help prepare Scholars towards the full range of entry and mid-level research, technical and professional positions within DOE and other organizations that support the DOE mission.
U.S. Department of Energy (DOE): Internships and Jobs for Recent Graduates

DOE Scholars 2021 Internship (Deadline to Apply: January 1, 2021)  
https://www.zintellect.com/Opportunity/Details/DOE-Scholars-2021  
The DOE Scholars Program is designed to attract talented undergraduate and graduate students, and recent graduates in a variety of fields. This program will help prepare you to pursue the full range of entry and mid-level research, technical and professional positions within the U.S. Department of Energy (DOE) and organizations that support the DOE mission. Opportunities are available for a variety of disciplines at DOE facilities nationwide.

Minority Educational Institution Student Partnership Program  
https://www.doemeispp.org/  
The Minority Educational Institution Student Partnership Program offers talented high school, undergraduate and graduate students summer internship positions with the U.S. Department of Energy and its National Laboratories.

Students and Recent Graduate Programs  
https://www.energy.gov/jobs/careers/students-recent-graduates  
The Department of Energy recognizes the value that student interns and entry-level employees bring to our multitalented workforce. Only here can your fresh ideas, enthusiasm, and new voices become part of the innovative solutions to save the world. We maintain a wide range of student-focused programs to keep a steady stream of bright and motivated new talent flowing into the DOE workforce. Based on your own current circumstances and goals, you can explore the full range of opportunities offered by the DOE student programs, internships, and entry-level positions.
