Fayetteville State University

Why we're proposing a $200 transportation fee

A new fee is a real cost for students. The goal is to keep the campus shuttle running.

FAYETTEVILLE STATE UNIVERSITY

The shuttle only works if it's funded

1. Students rely on the shuttle for classes, housing, and campus services.
2. Current funding will no longer cover operating costs.
3. Without new funding, service would be cut or ended.
