700.7.1 Policy on Military Student Success

I. Purpose. The University of North Carolina System is committed to the success of military-affiliated students, which for the purpose of this policy includes students who are U.S. military service members (including National Guard and Reserve members), veterans, spouses of service members or veterans, or dependent family members of service members or veterans. This policy, and its associated regulation, provide a framework for the constituent institutions of the University of North Carolina System to develop and maintain a comprehensive network of services for military-affiliated students seeking to meet their educational goals. The president shall establish regulations to implement the requirements of these policies and to promote the general welfare of military-affiliated students.

II. Admission of Active Duty Service Members and Veterans
A. The University of North Carolina System and its constituent institutions are committed to equality of opportunity. Each constituent institution shall administer nondiscriminatory admissions policies by fairly evaluating the records of applicants.

B. For purposes of undergraduate admission to any constituent institution of the University of North Carolina, any individual having completed a minimum of three years of cumulative active duty service in the United States Armed Forces shall be exempt from minimum admissions requirements (MAR) and minimum course requirements (MCR) pursuant to UNC Policy, Section 700.1.1.2[R], although they may be considered first-time undergraduates (freshmen) for reporting and/or receipt of services. Applicants in this profile shall be required to submit a high school transcript or GED, college transcript(s) (if applicable), and a relevant military transcript for evaluation. The branch of service reporting the source of transferred credit hours earned through military training will function as the applicant’s institution of transfer. If discharged from active duty, the veteran must have received an Administrative (non-punitive) Discharge. This policy shall not apply to veterans receiving a “Bad Conduct or Dishonorable Discharge.”

C. Nothing in this policy guarantees admission for students. Constituent institutions retain sole authority for admissions determinations.

III. Data Collection and Reporting on Military-Affiliated Students. The president shall establish appropriate and uniform data collection procedures to enable the constituent institutions to identify and track the academic progress of military-affiliated students for the purposes of evaluating and reporting retention, graduation, and time to degree completion. Collecting, analyzing, and publishing this data supports the intent of Presidential Executive Order 13607 (“Establishing Principles of Excellence for Educational Institutions Serving Service Members, Veterans, Spouses, and Other Family Members,” issued April 27, 2012), aligns with the recommendations contained in the UNC SERVES April 2010 Report to the President, and serves to track progress made towards the implementation of Session Law 2014-67. Constituent institutions must develop appropriate protocols to assure the security of all information related to the status of active-duty students and students eligible to be activated.

IV. Residency Status of Military-Affiliated Students. North Carolina created and maintains its public institutions of higher education primarily for the benefit of the residents of North Carolina, and its institutions are generously supported by the General Assembly and the public. Nonresident military-affiliated students may be eligible to receive the in-state tuition rate under the conditions established by state and federal law, and the guidelines promulgated by the Residency Determination System (RDS).

V. Campus Support Structures for Military-Affiliated Students. The constituent institutions shall develop and maintain campus-based support networks, as well as a comprehensive series of community, regional, and national referrals for military-affiliated students to assist in successful navigation of their educational goals. These services shall include, but not be limited to, admissions, financial aid, housing, disability services, career services, health services and counseling, and other student services and supports offered under student affairs and academic affairs.

VI. Military Credit Transferability. The University of North Carolina System recognizes the value of the education, training, and experience that military students bring to the university. The University and its constituent institutions shall establish a process by which this learning can be evaluated for possible course credit. Such military learning may include, but will not be limited to, recruit training, military occupational specialty (MOS) training and education, Defense Language Institute foreign language coursework and exams, Community College of the Air Force (CCAF) coursework, College-Level Examination Program (CLEP), and the DANTES Standardized Subject Test (DSST). The American Council on Education (ACE) credit equivalency recommendations shall serve as the standard reference work for recognizing learning acquired in the military.

VII. Withdrawal Due to Call to Duty. The University of North Carolina System supports students called to active duty or training in the United States Armed Forces, including service in the National Guard or Reserve. The policies of the constituent institutions shall assist, whenever possible, the student in withdrawing and re-entering the university without incurring financial or academic hardship. Such policies shall include, but are not limited to:

A. Military Withdrawal
B. Refunds of Tuition, Fees, and Other Expenses
C. Academic Credit
D. Deferral of Enrollment
E. Military Leave of Absence
F. Re-admission into the University
G. Scholarship Status

VIII. Other Matters
A. Effective Date. The requirements of this policy shall be effective on the date of its adoption the Board of Governors.
B. Relation to State Laws. The foregoing policies as adopted by the Board of Governors are meant to supplement, and do not purport to supplant or modify, those statutory enactments which may govern the activities of public officials.
C. Regulations and Guidelines. These policies shall be implemented and applied in accordance with such regulations and guidelines as may be adopted from time to time by the president.

[1] Nothing in this policy prevents constituent institutions from evaluating military learning independent of the ACE evaluation.

[2] Constituent institutions may choose whether to extend some or all of the benefits of these policies to the spouse or child of a person called to active duty. Institutions may also choose to include spouses and children of persons called to active duty under the extenuating circumstances regulation (Section 400.1.5[R] of the UNC Policy Manual).

700.7.1: Adopted 06/14/13, Amended 02/27/15, Amended 07/27/18

700.7.1[R] Regulation for Military Student Success

I. Purpose. This regulation provides a framework for the constituent institutions of the University of North Carolina System (UNC System) to develop and maintain a comprehensive network of services for military-affiliated students seeking to meet their educational goals. This regulation implements the requirements of Section 700.7.1 of the UNC Policy Manual, and serves to promote the general welfare of United States (U.S.) military service members, veterans, spouses, and dependent family members at the constituent institutions.

II. Data Collection and Reporting on Military-Affiliated Students. The UNC System Office shall establish appropriate and uniform data collection guidelines and procedures that will enable the tracking of academic progress of military-affiliated students, and that will support the enactment of the recommendations contained in the UNC SERVES April 2010 Report to the President.

III. Application Fees for Active Duty Service Members. Constituent institutions are encouraged to waive the admissions application fee for all service members if they are in an active duty status at the time of application.

IV. Tuition Rates for Military-Affiliated Students. Constituent institutions shall clearly articulate the process for military-affiliated students to establish eligibility for the in-state tuition rate pursuant to state and federal law, and to the guidelines of the Residency Determination System. Information regarding eligibility for in-state tuition shall be publicized as part of both the undergraduate and graduate recruitment and admissions processes.

V. Faculty and Staff Support Training on Issues Affecting Military-Affiliated Students. Constituent institutions shall provide support for faculty and staff training on issues that are unique to, or commonly encountered by, military-affiliated students. This training should conform to best practice guidelines. Professional advisors and faculty should be well-versed in continuous enrollment provisions in order to assist military-affiliated students in making the best decisions about their academic program choices.

VI. North Carolina National Guard Tuition Assistance Benefit. The North Carolina National Guard Tuition Assistance benefit shall be applicable to students at UNC constituent institutions seeking to achieve a two-year associate degree, a four-year baccalaureate degree, or a graduate degree. It shall also be applicable to students enrolled in a program granting a graduate certificate, and to students enrolled in a professional certification program recommended by the director of the North Carolina National Guard Education and Employment Center and approved by the North Carolina National Guard Education Services Officer.

VII. Campus-Based Support Structures for Military-Affiliated Students. Constituent institutions are encouraged to create campus-based military affairs committees to assist military-affiliated students in successfully transitioning to and succeeding in and beyond the educational environment. To ensure effectiveness, these committees should, at the minimum, be charged with:

A. Facilitating awareness and communication between key departments with regard to constituent institution-based services for military-affiliated students;

B. Coordinating and evaluating programs and services for military-affiliated students;

C. Factoring military-affiliated students into institutional planning, particularly with regard to diversity; and

D. Ensuring institutional compliance with standards based on policy implemented by the Department of Defense and Department of Veterans Affairs.

VIII. Financial Support of Military-Affiliated Students

A. Constituent institutions shall create policies that guarantee that undergraduate and graduate military-affiliated students using United States Veterans Administration (VA) educational benefits are held harmless from VA processing delays that prevent timely payment of their educational benefits. These policies shall include provisions:

1. Granting forgiveness of late payment fees on students whose VA educational benefits are delayed; and

2. Maintaining students’ course registrations until such delayed payments are received.

B. Constituent institutions are encouraged to develop a policy providing undergraduate and graduate students using GI Bill benefits with “bridge loans,” payment plans, tuition deferments, vouchers, or some combination of these items to cover tuition, fees, housing, books, and other expenses related directly to university life, as defined by campus policy, until payment is received from the VA.
C. Scholarships and Grants. Development offices at constituent institutions are also encouraged to create, fund, and maintain scholarships and grants for undergraduate and graduate military-affiliated students.

IX. Campus Employment. Constituent institutions are encouraged to recruit veterans and eligible family members, when appropriate, for on-campus employment.

X. Organizations and Communication. Constituent institutions are encouraged to support student veteran organizations and/or other military-affiliated student organizations. The student organization advisor is encouraged to communicate updates on veterans and military affairs on campus, as well as on topics and announcements related to any military-affiliated student groups.

XI. Academic Support for Military-Affiliated Students
A. Orientation/Transition Seminar. To the greatest extent possible, constituent institutions shall provide break-out sessions focused on military-affiliated students as part of their regular orientation programs. When possible, the resources of this session should be made available online. Constituent institutions offering a credit-bearing introduction to the university course should consider providing a section or sections exclusively for military-affiliated students.
B. Priority enrollment. Active duty students using Armed Forces Tuition Assistance (TA) and students who have been released from active duty for a specific amount of time to attend college through a military degree completion program often face unique scheduling challenges. Whenever possible, constituent institutions should recognize such challenges by providing these students with priority enrollment.
C. Academic Assistance. Constituent institutions shall evaluate, review, adapt, and monitor academic assistance, including mentoring and tutoring, for their military-affiliated students. Reports of challenges and successes should be provided to the institution’s Military Affairs Committee.
D. Military Science Courses and Tuition Surcharge. Constituent institutions should refer to the tuition surcharge exemption list that is part of Section 1000.1.5(R).
E. Service Cords. Constituent institutions are encouraged to provide military service cords for graduating student veterans, active-duty members, members of the National Guard, and Reservists. Institutions shall communicate to these students a process for acquiring these cords. Service cords shall be provided free of charge, when possible. Institutions shall consider officially recognizing these graduates in the printed program and/or during the ceremony.

XII. Military Learning and Academic Credit
A. The University of North Carolina System seeks to maximize and make consistent the transfer of credit from military training and experience to constituent institutions.
B. As mandated by Section 3 of Session Law 2014-67, the Board of Governors of the University of North Carolina and the State Board of Community Colleges have jointly developed a plan (the Plan) for implementing a uniform system of granting course credits for military training and experience to all students enrolled in constituent institutions of the University of North Carolina System, and the North Carolina Community College System (NCCCS).
C. Military Credit Advisory Council
1. Pursuant to the Plan, the UNC System Office, in conjunction with the North Carolina Community College System Office, will create and maintain a Military Credit Advisory Council (MCAC). The MCAC will be comprised of faculty, staff, and administrators from UNC System and NCCCS institutions, and of representatives from both system offices. It may also include representatives from North Carolina’s business sector, state government, and military installations.
2. The MCAC shall provide guidance to and share information with the constituent institutions on all issues related to the awarding of academic credit for military training and experience.
3. The overall purpose of the MCAC is to ensure that military training courses and occupational experiences are evaluated by faculty members from UNC System and NCCCS institutions in an independent manner and by use of standard levels of objectivity and academic rigor.
D. Military Training Course and Occupational Experience Evaluation Panels
1. The MCAC shall ask constituent institutions to nominate faculty representatives to sit on academic discipline-specific panels for the purpose of evaluating additional military training courses and occupational experiences for academic credit. Panels may be comprised solely of faculty members from constituent institutions of the UNC System, or of faculty members from both the UNC System and NCCCS.
2. While conducting these evaluations, faculty panel members will use commonly-accepted levels of academic objectivity, validity, and rigor. The MCAC shall provide training and orientation to faculty panel members on the unique aspects of this evaluation process.
3. The MCAC shall forward credit recommendations made by faculty panels to the UNC System Office senior vice president for academic affairs for final approval.
4. The MCAC shall publish credit recommendations that have been made by faculty panels and approved by the UNC System Office senior vice president for academic affairs in an accessible system that informs current and prospective veteran students as well as faculty and staff who routinely assist them.
5. Constituent institutions shall publicize and adhere to credit recommendations made by faculty panels and approved by the UNC System Office senior vice president for academic affairs.
6. In the event that an academic department at one of the constituent institutions does not concur with one or more of these credit recommendations, the department head shall submit the rationale for the disagreement through the campus provost to the MCAC. The MCAC will forward the rationale to the UNC System Office senior vice president for academic affairs for further review and for a final determination.
E. UNC Constituent Institutions
1. Shall establish and publish a process whereby active duty military, reservists, and veterans receive credit for, or a
waiver of, the general education health and/or physical education requirements, based on military recruit training.

2. Shall accept foreign language coursework completed through the Defense Language Institute Foreign Language Center (DLIFLC) as transfer credit. Institutions are also encouraged to establish a process for students to demonstrate proficiency and waive campus language requirements for other foreign language skill development outside of DLIFLC. Examples include: College-Level Examination Program (CLEP) credit, Defense Language Proficiency exams, continuing education mission specific language training, etc.

3. Are encouraged to develop equivalence mapping for credit by exam for CLEP and DANTES Standardized Subject Tests (DSST), and to publish a chart showing the minimum allowable CLEP and DSST scores (no lower than 50 for CLEP) and the credit/course equivalences.

4. Are encouraged to train admissions counselors, registrars, academic advisors, department chairs or heads, and deans on the principles and practices of military credit transferability. The MCAC will provide training and consultation, as requested or required.

5. Shall exempt transfer credits resulting from military learning from the tuition surcharge calculation.

6. Shall consult with the UNC System Office director for prior learning assessment and military credit on any questions regarding evaluation of military training and experience not covered in the sections above.

XIII. Call to Duty
A. Military Withdrawal. Students called to active duty, and subsequently, any family members who are students, may need to withdraw from coursework during the course of a semester.

1. As stated in Section 400.5[R] of the UNC Policy Manual, students are expected to complete all the courses for which they are registered at the close of the course adjustment period unless withdrawal is permitted due to extenuating circumstances or military service.

2. Constituent institutions shall develop policies that permit an undergraduate or graduate student to withdraw from a course or courses at any time and without academic penalty due to their military service. Institutions may extend some or all components of this policy to apply to the spouse or child of a person called to active duty if they demonstrate sufficient cause for consideration due to changed circumstances. These policies must:
   a. Be published in the appropriate sections of the university catalogue and website
   b. Describe the process by which the student (or an appropriate officer of the Armed Forces or official of the Department of Defense (DOD)) gives advance written or verbal notice of call to duty to the designated campus body or official.
   c. Describe the process by which the student informs the appropriate campus body or official of intent to return to the institution upon completion of period of service.

B. Refund of Tuition, Fees, and Other Expenses. Enrolled undergraduate and graduate students who are called to active duty during the semester, and who complete a military withdrawal from their course(s), shall be afforded the following special considerations. Constituent institutions will:

1. Issue a full refund of all payments made by or on behalf of the student, and/or adjust the student's financial aid account, as appropriate.

2. Issue a full refund for textbooks purchased through the university bookstore for the semester in progress. The student being called to military service should present the textbooks, purchase receipt(s), and a copy of the applicable military orders.

3. Issue a prorated refund of room rent for a campus residence facility. This refund will be based on the student's official check-out date.

4. Issue a prorated refund of board fees. This refund will be prorated from the opening date of the dining hall for the term during which the call to active duty occurs.

5. Allow unpaid account balances to be subject to a payment plan formulated with the student. No collection actions will occur during a deployment.

C. Academic Credit. Constituent institutions must have a separate transcript notation appropriate for students who withdraw for active or reserve military service. Such withdrawals will not count in the calculation of the GPA or tuition surcharge.

D. Deferral of Enrollment. Constituent institutions will allow admitted undergraduate and graduate students to defer admission if they are called to active duty before the start of a term. Constituent institutions should consider, in cases of a national emergency or crisis, allowing a deferral of enrollment for students who enlist in the United States Armed Forces prior to enrolling. Constituent institutions shall:

1. Describe the process by which the student (or an appropriate officer of the Armed Forces or official of the Department of the Defense (DOD)) gives advance written or verbal notice of call to duty to the designated campus body or official.

2. Describe the process by which the student informs the appropriate campus body or official of intent to return to the institution upon completion of period of service;

3. Publish the details of the process in the appropriate sections of the university catalogue and website;

4. Include provision for a full refund on all deposits paid by the student; and

5. Clarify the notification process of all relevant offices on campus.

E. Military Leave of Absence for Graduate Students. Constituent institutions shall develop policies permitting graduate students called to duty to take a military leave of absence from their program of study. These policies should:

1. Be published in the appropriate sections of the university catalogue and website;

2. Describe the process by which the student (or an appropriate officer of the Armed Forces or official of the Department of Defense) gives advance written or verbal notice of call to duty to the designated campus body or official;

3. Describe the process by which the student informs the appropriate campus body or official of intent to return to
