FORMS & INSTRUCTIONS for Paper Submission of your Doctoral Dissertation or Master’s Thesis

Important Notes

- **If you are reading this, your institution does NOT participate in our online submission service.** That means you will provide your submission to your graduate school or other designated office, and they will deliver it to us.
- Your university or library may have specific policies regarding dissemination of, and access to, your dissertation. You should understand your institution’s policies clearly before you complete the ProQuest forms and submit your dissertation.
- **You own and retain copyright to your dissertation.** ProQuest only acquires a non-exclusive right to distribute your work according to options you choose.
- Most universities hold all submitted dissertations and theses until the end of the semester or quarter, then deliver them to us all at once. Once your manuscript actually arrives at ProQuest, another 6 to 10 weeks are required for processing.
- You can increase the chances of a speedy publishing process by following all instructions, guidelines, and requirements precisely. Use the Submission Checklist. And if you have any questions, call our Author Relations Team at (800) 521-0600, menu option 2 followed by option 1.

ProQuest Publishing Agreement Quick Start

1. Read and understand the ProQuest Publishing Agreement. This agreement grants ProQuest the right to reproduce and disseminate your work according to the choices you make. This is a non-exclusive right; you may grant others the right to use your dissertation or thesis as well. **You retain your copyright.**
2. Choose your publishing option, Open Access Publishing Plus or Traditional Publishing.
3. Select any necessary embargoes and restrictions. **Note:** your institution may have explicit policies regarding embargoes and restrictions, dissemination and access. Check with your graduate school or its equivalent to be sure you comply with institutional policies.
4. Sign the ProQuest Publishing Agreement. Publication of your work may be delayed or impossible if your signature is missing.

Submission Form

**Personal information**

We require a limited amount of personal information to process your submission and provide records to your institution. Provide your name exactly as it appears on the title page of your manuscript. We request your Country of Citizenship because libraries and researchers are often interested in searching for all dissertations published by authors of a given nation or region. We use your personal information solely for publishing and dissemination, and do not sell or supply your personal information to any third party.

**Degree & Dissertation or Thesis Information**

We use this information to create the bibliographic data that establishes your work in the primary literature. It is important this information is accurate and corresponds precisely with the information in your manuscript. Discrepancies between the data you provide in this form and your manuscript can delay publication of your work and make it difficult for other researchers to discover it. Please use full and official names when completing the information about your institution and your advisor and committee members.

**Title Guidelines**

- In databases and indices, your title will appear in sentence case regardless of the conventions of your discipline; e.g., “The long and short of it: a sample title.”
- Whenever possible, use full proper names. For example: “Samuel Clemens” not “S. Clemens”; *Hyla arenicolor*, not *H. arenicolor*.

**Subject Categories**

The first (primary) subject category that you enter is the one under which your dissertation or thesis will occur in our citation and abstract indices. Using Guide 2: ProQuest Subject Categories (attached), choose the category that most closely corresponds with the field in which you did your graduate research. You may add one or two more secondary subject categories; these will be associated with your work and may increase its exposure to search engines.

**Keywords**

Adding good keywords is another way to increase the chances your work will be discovered. For example, geographic locations or specialized terms that do not occur in your title or abstract can increase exposure of your work.

**Contact Information**

Provide a future mailing address and telephone numbers. If there is an issue with your submission and we are not able to reach you, release of your dissertation or thesis and production of any print copies you order will be substantially delayed. Provide a permanent email address such as gmail.

**Additional Materials**

**Required Permissions**

Any necessary co-authorship or copyright permissions must be secured. If you share authorship with anyone else for any part of your dissertation or thesis, you need to acquire their permission to include that content. If any content in your manuscript, including appendices, is already under another copyright, you need to acquire permission from the copyright holder to use that content. All such permissions must accompany your submission. Go online for more information and a sample permission letter: [http://www.proquest.com/go/authorservices](http://www.proquest.com/go/authorservices)

**Optional**

Supplementary files on digital media. See the website to learn about including multimedia material: [http://www.proquest.com/go/authorservices](http://www.proquest.com/go/authorservices)

Section I. License for Inclusion of the Work in ProQuest Publishing Program

Grant of Rights. Author hereby grants ProQuest the non-exclusive, worldwide right to reproduce, distribute, display and transmit the Work (in whole or in part) in such tangible and electronic formats as may be in existence now or developed in the future. Author further grants to ProQuest the right to include the abstract, bibliography and other metadata in the ProQuest Dissertations & Theses (PQDT) database and in ProQuest Dissertation Abstracts International and any successor or related index and/or finding products or services.

ProQuest Publishing Program—Election and Elements. The rights granted above shall be exercised according to the publishing option selected by Author in Section III, Author Options, and subject to the following additional Publishing Program requirements:

- Redistribution of the Work. Except as restricted by Author in the publishing option selected, the rights granted by Author automatically include (1) the right to allow sale and distribution of the Work, in whole or in part, by agents and distributors, and (2) the right to make the Abstract, bibliographic data and any metadata associated with the Work available to search engines and harvesters.

- Restrictions. ProQuest will use commercially reasonable efforts to restrict the distribution of the Work as provided under the publishing option selected by Author or as later elected by Author through direct contact with ProQuest. Such election is subject to Author’s Degree Granting Institution Directives (see below). With respect to restrictions requested after submission of the Work, Author acknowledges that ProQuest cannot recall or amend previously distributed versions of the Work.

- Removal of Work from the Program. ProQuest may elect not to distribute the Work if it believes that all necessary rights of third parties have not been secured. Refer to the website http://www.proquest.com/go/dissertation for information about copyright and your dissertation or thesis. If Author’s degree is rescinded, and/or the degree-granting institution so directs, ProQuest will expunge the Work from its publishing program in accordance with its then current publishing policies.

- Degree Granting Institution Directives. Author is solely responsible for any conflict between policies and directions of Author’s degree-granting institution, Author’s choice of publishing model, and/or any restriction Author places on the use of the Work. For the avoidance of doubt, ProQuest is not responsible for access to the Work that is provided by Author’s degree-granting institution through its library or institutional repository. Author must work directly with Author’s degree-granting institution to ensure application of any restrictions to access relating to the Work by Author’s degree granting institution.

Copyright and Deposit with the Library of Congress. At Author’s option and upon payment of the applicable fee, ProQuest will submit an application for registration of Author’s copyright in the Work in Author’s name. In addition, regardless of whether copyright registration of the Work is sought, ProQuest may make a copy of the Work available to the Library of Congress in digital, microform or other format as required by the Library of Congress.

Publishing Fees and Royalties. Author shall remit the publishing fees and the optional copyright registration fees as appropriate for the publishing option chosen by Author, and as specified by Author’s degree-granting institution. Except as provided under the Traditional Publishing option, no royalties shall be due from ProQuest to Author.

Delivery of the Work. Author shall provide to ProQuest the Work and all necessary supporting documents, according to the instructions accompanying this agreement.

Rights Verification. Author represents and warrants that Author is the copyright holder of the Work and has obtained all necessary rights to permit ProQuest to reproduce and distribute third party materials contained in any part of the Work, including all necessary licenses for any non-public, third party software necessary to access, display, and run or print the Work. Author is solely responsible and will indemnify ProQuest for any third party claims related to the Work as submitted for publication.

Section II-A. Rights pursuant to Traditional Publishing

Author’s election of Traditional as the Type of Publishing confirms Author’s choice to have ProQuest publish the Work according to the Traditional Publishing option described below.

- Traditional Publishing. ProQuest may exercise the rights granted under Section I above including through the sale of individual copies of the Work in tangible or electronic media and/or as part of electronic database and reference products or services.

- Publishing Fees and Royalties. Author’s payment of the dissertation or thesis publishing fee is a one-time, up-front fee. Author’s institution may assess additional fees to be collected along with the publishing fee. ProQuest will pay royalties of 10% of its net revenue from sales of the Work, conditioned on Author maintaining a current address on record with ProQuest. Royalties will be paid when accrued earned royalties reach $25.00. If, after 25 years, earned royalties do not accrue to at least $25.00, ProQuest’s royalty payment obligation will cease.

Section II-B. Rights pursuant to Open Access Publishing Plus

Author’s election of Open Access as the Type of Publishing confirms Author’s choice to have ProQuest publish the Work according to the Open Access Publishing option described here.

- Open Access Publishing Plus. In addition to the rights granted under Section I of this ProQuest Publishing Agreement, ProQuest may reproduce, distribute, display and transmit the
Work in electronic format in the ProQuest Dissertations & Theses database, where it may be made available for free download. A subset of the ProQuest Dissertations & Theses database may be accessed by the academic community as well as through major search engines and open access harvesters. ProQuest may also provide an electronic copy of the Work to Author’s degree-granting institution where it may also be posted for free open access. Learn more:

- **Copy Sales.** ProQuest and its agents and distributors may offer copies of the Work for sale in tangible media, including but not limited to microform, print and CD-ROM, as well as electronic format individually or as part of its electronic database and reference products and services. No royalties shall be due to Author.
- **Publishing Fees.** Author’s payment of the additional Open Access fee is a one-time, up-front fee in addition to the ProQuest dissertation or thesis publishing fee. Author’s institution may assess additional fees to be collected along with the Open Access and publishing fees.
