

Need a Bike? Rent a Bike. Anytime!

HOW IT WORKS

- 1. Download LimeBike app and create an account.
- 2. When you are ready to ride, go into the app and locate a bike.
- 3. Scan QR code to unlock a bike and ride.
- 4. Park at any bike rack or designated location and lock bike to end ride.

Have Fun and Enjoy the Ride!

PRICES

Faculty, Staff, and Students Sign up with .edu email for discounts Only 50 cents for each 30 minutes ride Or \$14.95 for 100 rides per month

<u>Community</u>

\$1 for each 30 minutes ride Or \$29.95 for 100 rides per month

SAFETY SUGGESTIONS

- Wear a helmet. It could save your life.
- Wear bright reflective clothing, especially at night.
- Obey rules of the road. Stop at stop signs and red lights.
- Ride with the flow of traffic, in the same direction as cars.
- Be alert. Avoid cell phones and headphones while riding.
- Watch and listen for cars, particularly near intersections and driveways.
- Watch for and yield to pedestrians, especially on sidewalks and at intersections
- Remember to lock the bike to end your ride and check the app for your trip summary.
- Park near a bike rack or designated location. Do not block sidewalks, streets, or car parking spaces.

FAQ

Can I reserve a bike?

Bikes cannot be reserved. They operate on a first-come, first-serve basis. If you see a nearby bike on the map, it's yours to ride!

How do I pay for my ride?

Simply enter your credit or debit card information into the app and purchase credits you can use for future rides.

How do I end my ride?

First, please make sure you're parking in a safe, **designated location**. Dock free bikes work if we all take responsibility and park in places that don't block car traffic, impede pedestrian access or encroach on private property. To lock your LimeBike, simply push down on the locking arm connected to the rear wheel to lock the bike. After completing your ride, the app will provide you

with a trip summary.
