- Contact for Info:** Office of Public Relations (910) 672-1474

Fayetteville State University encourages members of its administration, faculty, and staff to speak with media representatives, particularly in instances when they can provide scholarly opinion on a topic within their areas of expertise. If a member of the media requests a response to a matter that may be deemed public record and the university employee uncomfortable answering the question, s/he may then direct the media representative to the Office of Public Relations.
