Medical Records Technician: Military MyCAA Program

Are you interested in the healthcare profession but aren't sure where to begin? Learn the technical side of things by becoming proficient in managing electronic health records.

A Health Information Technician (HIT) assembles patient information including symptoms, medical history, diagnostic tests, examination results, treatment methods, and all other healthcare provider services. You will organize and manage health information to ensure quality, accuracy, security, and accessibility. Working as a medical coder and communicating with physicians and other healthcare providers can be essential in properly tracking patient outcomes.

Take the first step and contact us today to begin learning about the new position in the healthcare world. Please visit www.uncfsu.edu/mycaa for eligibility requirements and registration.

Course No. FSU | Price \$1,499

Comprehensive Paralegal Career Advancement Program: Military MyCAA Program

Are you an active duty military spouse looking to start a career but need tuition assistance? Our paralegal program is one of many fast-track home training courses that make learning a new discipline fast and easy.

This two section paralegal course focuses on the legal concepts, procedures, and skills that are used in a wide variety of legal environments. It is designed to teach the processes of the institutions in the U.S. legal system, roles and issues in the paralegal field, legal ethics, and the specialties of law.

Many opportunities exist for paralegals and legal assistants to specialize in various types of law practice. Job opportunities are steadily increasing in this field so sign up today! Visit www.uncfsu.edu/mycaa for more info.

Course No. FSU7390 | Price: \$2,999

Want More?

Visit www.fsuondemand.com or www.uncfsu.edu/mycaa to view additional online course options in accounting, medical, information technology, teacher education, business management, and more.

Test Prep Classes

Don't let required test scores cause extra stress! If you need to brush up on skills or just want to be prepared for the question formats, then our test preparation program is right for you.

Whether you are applying to college for the first time or preparing for graduate studies, our targeted test prep programs will help you get the score you want. Each course (SAT, ACT, GRE, GMAT, and LSAT) includes a review of the verbal, math, and reasoning skills necessary for success on your test, and also introduces strategies to help you master the types of questions you will encounter. Our classes are available in two formats:

Live-Online: attend class in the evening from the comfort of your home or office. Interact with classmates and your instructor in real time, using an internet connection.

On-Demand: watch recorded lessons from wherever you want, whenever you want.

Both options include printed practice materials to accompany the instruction and access to online office hours, in case you have questions between sessions. Check out our live-online course schedule to find a time that suits your needs, or register for our On-Demand courses anytime.

For more information, please visit www.uncfsu.edu/test-prep.

What is the MyCAA Program?

Did you know The Military Spouse Career Advancement Accounts (MyCAA) program can provide up to \$4,000 in tuition assistance to eligible military spouses? This scholarship helps active duty military spouses pursue licenses, certificates, certifications, or associate degrees in high demand, high-growth portable career fields and occupations.

There are many courses available under our five areas of study: Business/Service Careers, Healthcare Careers, Legal Careers, Cybersecurity, and Technical Writing. Our courses are online and available 24/7, so you can work at your own pace while an instructor and online technical support are made available to assist you. All materials are included, along with assessments, online performance tracking and immediate grading. Please visit www.uncfsu.edu/mycaa for more information.

Digital Photography Basics

Do you want to tell a story, sell a product, capture family memories, or take photos of the beauty around you? Learning photography will help complete your creative vision. This course will teach you light usage, composition, transferring photos from digital media, storage, editing, file formats, and exporting final resolutions for most applications. You will learn the fundamentals of aperture, shutter speeds, exposure, and the difference between shooting inside and outside. Help your creative vision come to life and sign up today!
