

Greetings FSU Campus Community,

The Office of Risk and Compliance extends our sincere appreciation for your assistance in ensuring the success of the second annual Fayetteville State University Compliance and Ethics Week. The event saw active participation from both students and employees in various activities and exercises designed to emphasize critical aspects of compliance and ethical considerations. Employees were provided the opportunity to attend educational sessions covering a wide range of topics, including workplace sexual harassment, accommodations for students with disabilities, and non-discrimination and Title IX. The week concluded with a convivial "Coffee and Cocoa with Compliance" event, offering compliance leaders the opportunity to engage with the campus community. Detailed information about all activities and exercises, including the answer key, is available on the Office of Risk and Compliance website.

We express our sincere gratitude to our esteemed campus partners for their invaluable support and collaboration.
