Compliance and Enterprise Risk Management
Introduction to Protecting Minors on Campus

• This presentation is a general overview of the potential compliance or legal issues and risks involved with hosting minors on FSU’s campus. The presentation also describes best practices for protecting minors.

• For more specific details, reach out to the contact person named at the end of the presentation.

• All persons must make all reasonable efforts to remove minors from dangerous or potentially dangerous situations, irrespective of any other limitation or requirement.
UNC System Policy

• Effective May 22, 2019, activities or programs hosting children under age 18 must comply with UNC System Policy 1300.10 Policy on Protection of Minors on Campus.

• The UNC System policy applies to FSU activities or programs for minors hosted by FSU (on or off-campus) or third-parties (on-campus).

• The UNC System policy establishes requirements for registration and minimum training and background checks of staff, faculty, contractors, and volunteers.
Registration

• The UNC System Policy requires all programs or activities for minors to be registered and approved by FSU.

• Programs or activities hosted by FSU must register prior to 60 calendar days before the start date.

• Third-party programs or activities must register prior to 90 calendar days before the start date.

• To obtain or submit registration forms, contact Elizabeth Hunt at ehunt6@uncfsu.edu. She will review each program request to ensure compliance with UNC System Policy and communicate with the program leader about approval status.

• Third-parties who would like to rent FSU space must complete the FSU contracting process. A contract should be signed by all parties prior to submitting program registration forms to Elizabeth Hunt, Compliance and Enterprise Risk Management Officer. Contact your FSU point of contact or the FSU ASTRA Administrator ((910) 672-1724) to inquire about the FSU rental process.
Background Checks

• The UNC System Policy requires that all leaders, faculty, staff, contractors, student workers, and volunteers of programs and activities for minors complete mandatory background checks. Background checks will be conducted on all individuals 18 years old or older, who work closely with, supervise, instruct, or otherwise come into direct, non-incidental contact with minors. This policy applies to:
  • Program and activity leaders, employees, faculty, volunteers, contractors, and working students of FSU, and
  • Owners, leaders, employees, contractors, faculty, and volunteers of third-party entities.

• The FSU Compliance and Enterprise Risk Management Office conducts background checks for programs or activities hosted by FSU. Third-party programs or activities may conduct their own background checks if approved by the FSU Office of Legal Affairs.

• The FSU Compliance and Enterprise Risk Management Office will review background information and communicate any concerns to the program or activity leaders.

• The minimum background checks will include a review of:
  • Criminal history from every state of residence;
  • Driving records of any person who will transport program or activity participants; and
  • State and federal sex offender registries.

• FSU may prohibit any person with a serious background concern from working with programs or activities for children.
Mandatory Training

- The UNC System Policy requires that program and activity staff participate in *annual* training on protecting minors. Such training will be provided by the FSU Compliance and Enterprise Risk Management Office. Staff who must be trained include all individuals who are 18 years old or older and who work closely with, supervise, instruct, or otherwise come into direct, non-incidental contact with minors, including:
  - program or activity leaders, faculty, employees, contractors, volunteers, and working students of FSU, and
  - owners, leaders, employees, contractors, faculty, and volunteers of third-party entities.

- Third-party programs must complete the same mandatory training program.

- The FSU Compliance and Enterprise Risk Management Office will communicate approvals of training to program or activity leaders.

- Training must be completed at least 7 business days before the program start date.
Exclusions

• UNC System Policy 1300.10 Protection of Minors on Campus background checks and training requirements does not apply to:
