## Notes

1 UNIV 101-UNIV 102 required for all first-time students; UNIV 110 required for transfer students with fewer than 30 transfer credits. Students do not earn credit if requirement is waived. UNIV 111 may be required based on academic performance
2 Not required for students with $60+$ transfer credits. Students do not earn credit if requirement is waived
3 MATH 121 may be required based on profile scores. Some core courses require a one-hour lab.
4 At least one natural science class must include its associated lab. Some majors require two lab sciences, increasing requirement to 8 credits
5 Not required for students with 30 or more transfer credits from a foreign institution. Students do not earn credit if requirement is waived.

## Four Year Plan

This Plan illustrates how students can meet degree course requirements in four years. Some courses listed below may be taken in an alternate order. Courses fulfilling requirements are listed on the previous pages. For information about prerequisites and other program requirements, consult the appropriate Catalog Program of Study and an advisor. Students should work with advisor to create and update an individual plan in Degree Works.
