

Pointers to Begin and Stay Academically Successful on your journey at Fayetteville State University

Our desire for you is to become a successfully well-rounded degree holder at the end of your journey at Fayetteville State University. However, sometimes you may veer off the path of success for varying reasons.

Some pointers you may want to consider are:

- Stay focused on your goal to receive your degree within 4 years.
- Review the Academic Regulations section to the University Catalog each academic year.
 - o It is your responsibility to know what the Fayetteville State University Catalog says about you and your academic progress.
- Review your midterm grades to assess where you are at the midpoint of the semester
- Review your final grades and academic standing at the end of each semester.
- Stay in touch with your advisor, mentor, instructors and your parents.
- Ask questions, ask questions, and ask questions.
- Use the available resources on campus.
- Be social, but stay focused.
- **Strive for GPA greater than 2.5!**

If you find yourself not able to focus and straying off your path of success, take advantage of your assigned advisor, the [Center for Personal Development](#), [Student Support Services](#), [Supplemental Instruction](#), the [Writing Center](#), the [Mathematics Support Center](#) and/or other resources available at Fayetteville State University.

FSU offers a wide variety of programs to help you in being successful in your academic journey.
