**Chief Roberto Bryan, VC for Police and Public Safety**

- Campus Incident De-escalation- Debriefed on the incident at WSSU and gave pertinent information on examining that situation and how we would handle a similar situation at FSU.

- It is critical that faculty and staff are aware of different methods to handle a situation to reduce the involvement of police and public safety.

- A joint session will be held with faculty and staff to engage in discussion with varying points of view.

- Parking Lot E- Dr. Jesse Baker sent an email to President Hodges and Chief Bryan wanted to respond to the concern presented in the email. 22/44 spaces will be dedicated to faculty and staff and the signs will be posted 01/19/23 along the fence.

- There will be a transitional period, but hopefully the issue will be resolved. Police and Public Safety are dedicated to resolving the challenges.

- President Hodges asked when ticketing would begin. Chief Bryan stated it began today. Accountability is being enforced on all levels.
PRESIDENT’S REPORT

• Gratitude was expressed to Dr. Shekarkhar for presenting with President Hodges during the Kickoff Meeting.

• Main issues are still being consolidated for statewide implementation. Some issues include the inclement weather policy, implementing supervisor evaluations to promote accountability, creating equitable promotion opportunities, creating/implementing a statewide retention fund to retain employees seeking to leave the university, and 15 years tenured status for staff.

• Additionally, when someone separates from the University and you are taking on additional responsibilities, if the position isn’t filled within a certain amount of time, you would receive a portion of their salary.

• No SGA or Faculty Senate Updates
