The Strengthening STEM Student Success (S4) Program is a federally National Science Foundation funded grant program that focuses on supporting undergraduate STEM major students. The overall goal of the program is to increase enrollment and completion of students in STEM degrees based on evidence of promise or "what works" initiative. Students work one on one with a faculty mentor to conduct a research project. STEM students receive tutoring for subjects in select entry level STEM courses at no cost. Advanced students can work as a peer tutor or a learning assistant in the classroom. This opportunity allows advanced STEM students to review concepts from previous courses while helping other students to succeed.

- S4 provides tutoring for the following courses:

BIOL 150; CHEM 141; CHEM 161; CSC 105; CSC 120; CSC 130; MATH 129; MATH 130; MATH 142
