

History buffs,

are you interested in obtaining a B.A. in History?

Whether you prefer in-person or online learning, choose Fayetteville State University!

Did you know that seven presidents majored in history? Three U.S. Supreme Court Justices majored in history. Corey Booker, Martha Stewart, Steve Carell, Kareem Abdul-Jabbar, Sacha Baron Cohen, Robert L. Johnson, and Jackie Joyner-Kersey all majored in history. What do they all have in common?
Phenomenal careers!

Historical knowledge increases cultural literacy and sensitivity. You will learn to consider multiple points of view and changing global contexts. You will learn historical inquiry, research, and analytical/critical thinking skills. You will learn how to present persuasive arguments and narratives. You will be prepared for a 21st century career.

History majors find great careers in education, law, business, communication, information management, advocacy, museums, archives, publishing, public relations, and preservation.
100% of our most recent graduates were either employed in the field of their choice or accepted into graduate school within six months of graduation.

Choosing Fayetteville State University is choosing:

- » A dedicated and talented faculty with the education and experience to provide you with an incredible learning experience
- » Amazing internships
- » Clubs and organizations
- » Small classes and one-on-one opportunities for interaction and support
- » Convenience, with the option of completing your B.A. in History online

Department of Intelligence Studies,
Geospatial Science, Political Science,
and History

Testimonial

Maya Glaspie

My name is Maya Glaspie.

I chose to major in history because after experiencing the very first history teachers that I had in the department, I really connected with them. I felt they were eager to teach me what they knew and I was eager to learn that.

I want to be a lawyer. And I want to go in front of the UN and talk to them about climate change.

I think all of faculty members in the history department have been very influential to me just because I can see how they act and that's how I kind of want to act. I see how they interact with other people and that's how I wish to be. And I've never met a faculty member I didn't like but I think I've bonded especially with those in the history department.

Something interesting I think that I've experienced at Fayetteville State is that I've been a part of the inaugural year of a club here on campus. I think when you go into college you just expect to continue a legacy whereas I've been a part of being able to create one.

Yeah, I'm proud to be a bronco because I'm proud of the education that I'm receiving. I think I've received all of the tools that I need to go into the world and do what I need to do for it.
